

The Daniel Coates Family

Missionaries in Guatemala

Dear Praying Friends,

July – August 2010

The month of July has been one of battles here in Guatemala. The church members have had different struggles in their steadfastness with the Lord and faithfulness to be in church. We did get this picture here one Lord's Day after the morning services. Several of the men were out of town but we strive to always be faithful regardless of those who may or may not make it to God's house and with the church.

Tammy also became very sick on the week of the 19th that landed her in a small hospital for a day due to dehydration and complications therewith. But for the GRACE of God things could have been deadly. We have learned a lot this month and Trust in Him that He will see us through any other battles we will have in the future as we serve Him here in Guatemala. Thank you all for your prayers on our behalf and all those Servants of our Lord on the Mission Field of this world.

In August we Celebrated the Day the Bible came into Guatemala. We had big day with a display of the Bibles in Spanish going back to the 1569 Spanish Bible or the Biblia del Oso. The week before I had lead Six Young People to the Lord, and on the following Lord's Day THREE of them we in Services making public their Profession of Faith in Christ and brought their younger brother and sisters with them! They walked to church by themselves for both the morning and afternoon services. What a great time with had that day! Pray with us that Minor and Ingrid two of those children. They did not make it due to their alcoholic Dad and their responsibilities of running and guarding the house due to his state. The first of each month we also have meetings for the young people where the whole family is invited to come and participate and thing are really well there.

September is our month of Missions and we will have a conference at the Seminary in Xela, kind of a "Round Robin" style meeting. Please pray for us and our involvement there, and that Missions will be even greater in the lives of the Local churches here in the Highlands of Guatemala. Thank you for your prayers and faithful support.

In His service,

Daniel Coates & Family
