Greetings in the name of the Lord Jesus Christ. It is my Joy to share with you that in August we celebrated the Day, of the Bible. We had several specials, the children sang, and also the Rondalla. The Word of God was preached to all who were present.

Friend`s Day

We had Friend`s Day, a special day in which the church members, invite nonbelievers to come to church and hear the Good News of salvation. We rejoiced to see many new faces. We are always encouraging the brethren to bring family and friends to church.

We had a special speaker, and had refreshments after the service for all who came.

Evangelism in the schools

We had the privilege to go to a public school and talk to the children about Christian values, the school principal was grateful. Since they have been dealing with children fighting in school. The children were eager to hear the Bible story, and happy to see us. The children love listening to Bible stories; the sad part is that the parents are not interested in the children`s spiritual life. Quarterly presentation

Every three months each Sunday school class presents a drama, or a skit and sing songs in the auditorium; this time we were able to see a drama about Noah's ark, you can see Noah, here in the picture.

The youth presented a skit concerning the Lord's coming; also we had a skit about the temptations that the adolescents face.

The last skit encouraged the church members to unite, fight for the Gospel, and to be good soldiers for Jesus Christ.

Baptisms:

God has blessed the work here in Cantel adding a new Family to the church. We can see here Miguel, his wife Olga, and a single young lady named Paola.

Please pray that they will stay in the Lord's ways and as the process of growing in Christ begins, since we know that Satan will try to discourage them from coming to church.

Thank you for your prayers, I appreciate each one of you, for taking your time to pray for me.

These last few months I have gone through some difficult times, but I thank God that He has given me the grace and the strength to face the trials that have come to me. Through these hard times, God has been faithful to me.

We are keeping up with the same program to go and pick up children for Sunday school. The channel Baptist Vision is on hold for now, since part of the equipment is burned and we do not have the funds right now to purchase a new part.

Prayer requests:

Please pray for my health, so that I can keep serving the Lord.

Pray for my finances.

Also please pray for funds that the church in Cantel will be needing for their VBS; they will be having it the first full week in Nov. The church members are doing their part here; they are depositing their VBS offering, after each service.
