

Flo Martin MISSIONARY In Cantel, Quetzaltenango Guatemala

March – June 2015

The Lord continues to work in this place. Julia Colop, who is 15 years old, was added to the Church through Baptism. She is currently preparing to serve the Lord in the music ministry. Pray for the Lord to work in her life and that she not depart from God's ways.

Alejandra Nolasco, 16 years old, was baptized according to God's command. She is currently receiving Bible Studies. It is our desire that in time, she will serve the Lord in the ministry; pray that she does not depart from God's ways.

The Tzoy Juan family are a family that we visited a few years ago. They were saved but later they left church. The Lord has returned them to his ways, and they are now receiving Bible Studies. The Lord has worked in their lives, they prayed to go forward to get right with God. We pray that in time, they will serve the Lord.

Brethren, there is much more that the Lord is doing in this place. We can only exalt our Lord and Savior Jesus Christ for His grace. Thank you, as always for your love of the work! Continue to pray for us, that the Lord will add to the church those who will be saved. Our need is a church property; we do not know how long we will be renting the place where we are now. The Lord saved us. He will take care of his own people. Please pray with us to be able to raise the funds that are needed to buy a property. Please pray for speedy recovery following recent cataract surgery. **God bless you. Flo Martin**
