

Thank you for praying for us through these busy times.

Yesterday we went to an USA Embassy information meeting. We were told how dangerous Honduras is but not so much to US citizens which was re-assuring. However we do appreciate your prayers as we serve the Lord here.

Pray as schedule an inquiry into ordaining Bro. Walter into the ministry. We are meeting with a couple of missionaries and a pastor to have a preliminary examination. This is to help Walter be prepared for the ordination service. He will be called to be the pastor of the mission we will soon organize.

Please pray for Lena as she prepares and teaches in the national ladies retreat in just two weeks. She is also working with the Sunday school teachers and materials. She is helping with suggestions for the new class as well. The wall for the new class is being put up and I will be putting in lights for it next week.

We are asking for prayer as we seek help on a couple projects. We need some financial help with youth camp. The normal cost is \$75.00 per camper. We are able to take care of half of it but \$37.50 is still much more than our families can pay. If you know of anyone who would like to help send teenagers to our camp please have them send the help to our mission account labeled youth camp. We need to raise about \$400.00.

We also need to do some repairs and some remodeling on the Bible institute/conference center. Any amount would help us do the work. To do all the work we need to raise \$10,000.00. It must be painted, fans put in, a new entrance made and a security fence put in. We also have to purchase a couple of tables and a few more chairs. Your prayers in these areas are very much appreciated. Some of the repairs will have to be done for the ladies conference in two weeks.

Lena dealt with an eleven year old about her salvation. She was crying in class realizing what she needed but cold heartedly refused to accept the Lord. It is heart breaking to see how Satan has a strong hold on such young children. Please pray as we strive to reach souls for Christ.

We had seven complete families in church last Sunday. That is a very direct results of your prayers.

Thank you for praying,

Harold L Priday

Your missionary to Honduras
