Faith for the Future

We are excited about the future of the Hope Baptist Church here in La Esperanza! We have strived to be faithful through the years, and prayed for more laborers. The work is now blessed with many dedicated young men and women. We have a great group of young people who have dedicated themselves to serve the Lord here or wherever the Lord may call them to go in the future. Pictured below is our youth department. Jillian and Milton have joined the team as Leaders after their recent marriage.

We rejoice to see them grow and mature not only physically, but also spiritually, taking steps to follow the Lord in obedience. Three are in training at our Bible Seminary in Quetzaltenango. The church has been able to take on new missionaries for support as these young people have started giving toward missions, by faith. We have a great team of musicians in the group as well, accompanying Mrs. Tammy's piano with guitar and violin. This missionary is very excited about the future! Your prayers and financial support of the Coates family continues to produce fruit abounding to your account, as it will for years to come. Thank you again!

In His Service,

Bro. Daniel, for the Coates Family
