

Guatemala

May - June 2025

Blessing Mothers

May is always a great time for reaching out to mothers in the community. This month we were able to sing and preach at a home for abused and at-risk girls, many of whom are pregnant or are caring for babies. About 70 girls heard about how God loves them and made a way for them to be saved through Jesus Christ, and all of the young moms received a gift for Mother's Day. We also celebrated our moms at church with a Mother/Daughter Banquet. It is always a joy to bless the ladies of our church, who diligently love and serve the Lord and their families.

Coming and Going

This May and June we have enjoyed hosting Ms. Amy K. whose mission is to lend a helping hand to missionaries in many countries. She came to Guatemala primarily to study Spanish, but also encouraged our family and our church in many ways. At the same time we are sad that our Jillian will be heading stateside as she and her husband are making plans to be in the U.S. for a while. Jillian has been a huge blessing to our family and the ministries here, and they will be sorely missed. Please keep Jillian and Milton in your prayers as they make this new transition in their lives.

We were recently informed by the owner of the building that our church in La Esperanza has used for several years that we must move out and look for another place to congregate. While the news comes at an inconvenient time, we are assured that it does not surprise the Lord, and He will show us where to go from here. Our desire is to continue to spread the light of the Gospel in the community of La Esperanza, from whatever side of town that God wills. Thank you for praying for us!

Serving the Lord in Guatemala,

Bro. Daniel Coates
