2024

What a year!

2024 was full of blessings and major heartbreak. This quarter was FULL of blessings! With the Yelle's on furlough, we were unsure how many of our church events we would be able to do. In October, children's day is one of the most popular holidays of the year, and we usually do an event! The ladies of our church got together and planned the entire event themselves, and the event was an incredible success! We were so proud of how our members rose up to the occasion.

My parents also came to visit us for a little over two weeks! We showed them our new home and ministry, and they really blessed us with their love and time. I hadn't gotten to see them in nearly three years, and their visit really helped encourage me and give me new energy. During Christmas, we had a wonderful Christmas program with music and poems. We have noticed that our members are growing, and desiring to get more involved! The spiritual fruit is showing itself, and they are becoming a stronger church! It has been such a blessing for this young new pastor.

Sadly, this year, we put down both our old horses, but God has blessed us with two incredible new horses that we get to train and use for new ministry opportunities like their predecessors. God strengthened us during this difficult time, but we learned so much, and are excited for new opportunities.

Robson and Sabrina have finished their discipleship! They have grown so much during the process. Robson is consistently teaching Sunday School, their personal time of Bible reading and prayer has grown, and they have learned the blessings of tithing! When they learned about financial stewardship and giving their first-fruits back to God, in faith they started to tithe, and God has blessed them IMMENSELY in such a short amount of time. Please pray for them as they continue their Christian lives, and please pray as we seek who we will disciple next. Our members have recently expressed desire for further outreach and greater involvement! The Holy Spirit has been touching their hearts, and we look forward to what God wants to do with us this next year. We are experiencing incredible spiritual growth at the end of this year. Please keep praying for our members to flourish this next year.

Thank you so much for your prayers and support.
