Our newsletter starts with a PRAYER request for our oldest son Stephen who was operated on in May for nose, throat and tongue cancer. The doctor felt they got it all and he was able to return to work in mid september.. Last week he returned for his follow-up medical exam. Baylor doctors found his cancer has returned and new treatment is starting immediately but this time they have transferred him to MD Anderson cancer unit in Houston, Tx. His employer, Apple computers, has worked with Stephen and now we need your prayer for his recovery

We are including a family photo of our 50th anniversary and at the same time thank you for your faithfulness to us for nearly 50 years of ministry. On a ministry note your interest in the Orality network of biblical story telling has seen a growth in acceptance and the team are thrilled by it. More on it in our next letter. Merry Christmas and Happy New Year.
