JULY-SEP 2023

Dear Pastor and Church,

As you know, I was down in Mexico at the end of June and came back to the United States for a few meetings that I had during the summer. I decided to go back towards mid-July and stayed into August. The time I spent down there was intended to help the church I work alongside with in Chunhuhub: Iglesia Bautista "La Gran Comision". This time I was down there, I was able to go down to Belize as well to be at a pastor's conference that a church hosted. After that, I came back to the US and have been travelling to visit churches and gain support. We were also able to load and work on shipping a container of medical supplies and about ¾ of my personal belongings.

meetings with them.

The Lord allowed me to go back for close to four weeks in July/August. I was able to help with a few different ministries. We were able to have another meeting in the village of Petcacab. Our first meeting with them was back in June. This time, I was able to bring a lesson on God's forgiveness towards sin. The first time we had the meeting in June, we had a lot of the family members of those whose house we gathered in, but I quickly realized that they had different doctrine in many areas, so my goal this time was to only bring a core group that I could better interact with. I won't be in Mexico until December, Lord willing, and I have plans to have another gathering in that village. The church that I work with will still have monthly

The church I work with also took some teens to a teen camp near Cancun. I was able to accompany them to help. While I was there, I was in charge of making a camp video. I also got to give a devotional to all the boys, and I was able to talk to a few of the campers on decisions they had made. One of the guys who I talked to was about 23 years old. He recently had gotten saved and was getting involved with his church, but he felt like he had too much in his past to answer the call of preaching. I was able to counsel him and that night he chose to follow the Lord in full-time ministry.

In my time down there, I was able to be involved in two different VBS weeks. It was so much fun lending a hand and getting to see kids get excited about the things of God. I got to teach a class to a few of the adolescent kids from the local church.

One of the people I have been working with is Eladio who is from the village of Naranjales. I am forming a friendship with him to be able to better witness to him and his family. This time they invited me and my pastor friend to have lunch with them. They bought an animal named *tepezcuintle* that someone had killed that morning to feed us. It is known as a lowland paca in English. The fact that they invited us and fed us is a big deal. I am praying that the Lord will give me wisdom to form this friendship and see them come to Christ.

Just before flying back to the US, I was invited to preach on a radio station that is heard throughout all of Cancun. It was truly a blessing!

Praises:

- Open Doors to Churches
- Safe Travels to Mexico
- God's Provisions

Prayer Requests:

- Funds for vehicle in Mexico
- Travel mercies while travelling to California
- To raise last ¼ needed of support
