## *Exalting Christ in Churches*

Dear Pastors and Supporting Churches,

First, I must apologize for the delay in getting a newsletter out to you. We have been so busy that time just gets away from us. The end of 2024 we continued to preach out. From January through June 2025 our family has been ministering at Rose Avenue Baptist Church Breckenridge, TX. God has called a man to pastor this church (Bro. Josh), but he lives out of state and is trying to sell his house to move here. While we have never met Bro. Josh we have been praying fervently that God would work it out so he and his family would be able to come and pastor Rose Avenue. This church has found a fond place in our hearts. Bro. Josh can move here at the end of the month! Praise God! Please pray for healing, building repairs, and Gods will to be done in Breckenridge.

God has already started preparing our next work! I will be serving as the missionary pastor at a church plant in Nocona, TX. **New Life Baptist Church** is being planted out of Heritage Baptist Church in Haslet, TX, Bro. Eric Crawford as pastor.

We have already started working with Bro. Crawford in the planning for this work. The location of the church building was a church that was actively holding services. Due to numerous factors the church decided to dissolve and become a new work under Heritage Baptist. Because of this, we will have a building on approximately two acres. Our goal is to have *Get Acquainted* meetings in October 2025. Until then we are continuing to hold services as we work on remodeling the church. The church needs great repairs. Thankfully we have a little bit of time to work with the Baptist Builders for a lot of the remodel. If you would like to invest in God's work at **New Life Baptist Church** in Nocona, TX please reach out to me or Bro. Crawford. We want you to come along side of Gods work and help us reach Nocona!

On a personal note... Our family has had a few trials as of late. Charish's back has been causing a lot of pain, including loss of use in her left leg (it is much better now). We have been in touch with numerous Drs and are with some to find the root cause of the issue. Please pray for Gods healing and provision with this. In May we were also involved in a hit and run accident that resulted in our car rolling. Thankfully the driver of the other vehicle accidentally left their bumper and license plate. Because of this we were able to file a claim on their insurance. Since it was a hit and run we have been waiting on the investigation with the insurance company to take care of any damages or costs. We know God has a plan and we are trusting His timing in getting this taken care of.
